

## **AMENDMENTS TO THE SPECIFICATION**

**Please amend page 6, line 26 through page 7, line 6 as follows:**

The data structures and code described in this detailed description are typically stored on a computer readable storage medium, which may be any device or medium that can store code and/or data for use by a computer system. This includes, but is not limited to, magnetic and optical storage devices such as disk drives, magnetic tape, CDs (compact discs), and ~~and~~ DVDs (digital video discs), ~~and computer instruction signals embodied in a transmission medium (with or without a carrier wave upon which the signals are modulated).~~ For example, ~~the transmission medium may include a communications network, such as the Internet.~~
